**ASTIGMATISM.**

What it is, and How Corrected.

Asigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly competent and experienced oculist, the use of the ophthalmometer reveals the exact curvature of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON put them under this wonderful instrument. Office hours 8:30 to 12:30 P. M. 302 S. Elm St.

**MR. GANNON HERE.**  
General Manager of the Southern Here This Morning

Mr. Frank S. Gannon, third vice-president and general manager of the Southern Railway, arrived in Greensboro this morning. He was here only a short while and during his stay, visited the Empire Steel and Iron Works and the Proximity Mills. His visit, at this time, is in connection with the purchase of the Atlantic & Yadkin by the Southern. He left about 10 o'clock by special train for Wilmington and is expected to return about 5 o'clock this afternoon. On the return trip he will stop at Cumnock to visit the coal mines at that place.

**Closed Last Night.**  
The protracted meeting which has been conducted at Centenary church since last Sunday a week, came to an unexpected close last night. Pastor Waggoner, who has conducted the meeting after a short talk with some of the stewards, stated that he and they thought best to discontinue the meeting for the present, but that another series would be held later in the year. During the meeting a number have expressed a desire for interest in the prayers of the congregation and an intention to lead a better life. The work of the faithful pastor has not been without reward.

**At Their Old Posts.**  
Mr. B. R. Collins, who for the past two or three months has been conductor of the freight train on the Moccasin branch, is again on the Greensboro-Winston passenger train as baggage master and express messenger, having been transferred on account of light work on the Moccasin road. Mr. Ben Hooper, who held the position during Mr. Collins' absence, has resumed his former position on the freight train between here and Winston.

**BY FREIGHT TRAIN NO. 41.**  
The Man Was Probably Stealing a Ride—Both Arms Cut Off and His Head Gashed.

Special to THE TELEGRAM.  
High Point, N. C., May 16. (1:43 p. m.)—When train No. 41 passed High Point today a white man was seen asleep on the bumpers between the cars. About a quarter of a mile from this city he fell between the cars and received injuries which will probably prove fatal. He received two large gashes in the head and both arms were cut off. His name is H. A. Gibbs, of Gibsonville, aged about 35 years.

**QUEEN VICTORIA ALMOST BLIND.**  
A Cataract on Her Right Eye May Cause Total Blindness.

By Wire to THE TELEGRAM.  
New York, May 16.—A special to the Journal from London says that Queen Victoria is almost blind, her right eye being nearly blind, her left eye being nearly blind. This alarming condition was discovered by Dr. Payton Leicor, the famous German oculist, who advises an immediate operation upon the Queen's right eye, as the only means of preventing her total blindness. That she was made to appreciate the gravity of her condition was evident from the fact that she wore spectacles while driving yesterday at Kensington.

**OUR SAILORS KILLED IN SAMOA.**  
Admiral Kautz Makes a Report Concerning the Battle.

Washington, May 15.—Secretary Lodge today made public so much of a recent report from Admiral Kautz upon Samoa affairs as touches the killing of a number of American sailors by the Mataafa adherents near Apia on the first of April.

**THE TERRIBLE CRIME**  
Of Winnie Roach, a Negress, and Her Husband.

By Wire to THE TELEGRAM.  
Atlanta, May 16.—Winnie Roach, a mulatto, narrowly escaped lynching at the hands of a mob of negroes last night. She and her husband are charged with burning their four children to death. The bodies of the children were wrapped in paper saturated with kerosene, and ignited. One child had all the flesh burned from its face, and will die. The other three are badly burned in several places.

**AGUINALDO'S WHEREABOUTS**  
Are a Mystery To The American Forces.

By Cable to THE TELEGRAM.  
Manila, May 16.—Aguinaldo's whereabouts have not been known to the American forces for the past two weeks. It is now reported that he has fled to the province of Nueva Ecija. He was last heard from on April 20th when he fled from Baling in a carriage. He passed through San Isidro on that day and has since seemed to disappear.

**NO EXTRA SESSION OF CONGRESS**  
McKinley Wants the Bills We Have Disposed Of.

By Wire to THE TELEGRAM.  
Hot Springs, Va., May 16.—The President will not call an extra session of congress. The reasons given out are that the solution of the Philippine problem is desired before any steps are taken to provide a permanent government for the islands, and that the inevitable currency question is to be avoided as long as possible.

**A MYSTERIOUS CASE.**  
Mayor Taylor Can't Understand and Dismisses The Warrant.

Mayor Taylor had a puzzling and mysterious case in his court yesterday afternoon. A man and woman arrived here yesterday morning and registered at the McAdoo house as "Mrs. Palmer and Bro.," giving no addresses. About the same time a man registered at the Benbow as J. C. Palmer and he also left the address space blank. During the day man No. 1 went to Palmer's room at the Benbow and the two became engaged in an altercation in which Palmer said man No. 1 hit him on the head with the handle of a pistol and threatened to shoot him. There was a bad gash on the back of Palmer's head. When man No. 1 had gone a policeman was sent for.

Chief Scott responded and went to Palmer's room. He found the occupant apparently frightened half to death and began an investigation. He was told that other the man was Dr. H. J. Cameron and that the woman was his (Palmer's) wife, that Cameron had married her and afterwards secured a divorce and was mad with him for having married her. He asked for a warrant for Cameron. Chief Scott secured the warrant and went with Palmer to the McAdoo where the officer served it on Cameron. When the two men met at the latter hotel they talked as the best of friends and by the time they reached the mayor's office Palmer had decided to withdraw the warrant and was taxed with the costs, which Cameron paid for him. Cameron said that Palmer had been drunk and had cut his head by falling against the bed in his room. Mayor Taylor decided that both men were crazy. The mysterious party left on the southbound vestibule last night.

**OUR SAILORS KILLED IN SAMOA.**  
Admiral Kautz Makes a Report Concerning the Battle.

Washington, May 15.—Secretary Lodge today made public so much of a recent report from Admiral Kautz upon Samoa affairs as touches the killing of a number of American sailors by the Mataafa adherents near Apia on the first of April.

The report is an elaboration of the description of the affair which was cabled at the time by the Associated Press from Auckland. No mention is made at any point of the reported participation in the affair of the German Hufnagel, the manager of the plantation where the fight occurred. It is known that the failure of the Colt gun to work properly was in a large measure the cause of the American and British defeat. Admiral Kautz says the expedition was projected by Captain Sturdee, of the porpoise. For several nights preceding the sentries had been fired upon by the natives and it became necessary to drive the aggressors away. Admiral Kautz says that it was the opinion of all the officers who had the matter in charge that the force was ample to do the work without risk, especially as it was to move out along the beach and return the same way under the protection of the guns of H. M. S. Royalist. It is safe to say, says the admiral, that after Lieutenants Freeman and Lansdale had conferred together, they did what they deemed best under the circumstances and the disaster that followed could not be foreseen.

**CARNEGIE FLEES FROM BEGGARS**  
Who Want Him to Subscribe to "Every Imaginable Thing."

Glasgow, May 16.—"I am seeking refuge from an army of mendicants," declared Andrew Carnegie today in an announcement at Skibo Castle. "I am trying to obtain rest. They are making my life a burden trying to induce me to subscribe to every imaginable thing in the world. The fact is, my resources for philanthropic purposes are already fully hypothermated. I have no immediate intention of re-leasing my connection with the Pittsburgh Steel Works."

**THE NATIONAL CONVENTIONS**  
And Their Meeting Places Already Being Discussed.

**CHICAGO A FAVORITE PLACE**  
For The Democratic Convention, While The Republicans May Choose San Francisco.

By Wire to THE TELEGRAM.  
Washington, May 16.—Among democratic and republican politicians, there is already considerable gossip concerning the selection of the place for the coming National conventions. This matter is always decided by the two committees and meeting of the two committees will be held, as is the usual custom, in Washington some time during the coming winter, probably at the Arlington hotel. At this meeting the time and place of the National convention will be decided upon.

In democratic circles the belief is that Chicago will again be chosen as the convention city. Chicago is becoming more and more each year the favorite city for the holding of the democratic convention, and it is thought the city will be chosen with but little opposition. St. Louis and one or two other towns may also put in a bid for the honor.

There will be more interest felt in the selection of the place for the National republican convention, as there will probably be more contest for the same. St. Louis, where the convention of 1896 was held, will again put in a strong bid, and many of the National committee men who have been seen are of the opinion that the convention will go to that city. Chicago will also be a strong candidate, and it is thought that Minneapolis, St. Paul and San Francisco will send delegations to urge the selection of their respective cities. Among many of the committee men there is a strong sentiment favorable to San Francisco, but the fact of its being so far from the east will operate against the city being chosen. Nevertheless the argument is advanced that as the Pacific coast has been loyal to the republican party, and to the gold standard, that it would be good politics to give the coast the National convention.

The United States supreme court resumed its sessions yesterday at noon after an adjournment of two weeks. When the court reconvened there was a large crowd of spectators in attendance, most of the persons in the court room being visitors to the national capital. The court handed down several decisions, among them being the famous case of the French vessel Olinde Rodrigue. In this case the decision was that the vessel be discharged, the decision of the lower court was affirmed, with the modification that the owners of the vessel must pay the costs. The court took an adjournment from yesterday afternoon until Monday of next week when a number of important decisions are expected to be handed down, after which an adjournment will take place until the next term of the Supreme court.

Preparations of the committee in charge for the peace jubilee are rapidly nearing completion. It is reported that much interest is felt in the jubilee in the states of Virginia, North Carolina, Georgia, South Carolina and Florida. The railroad offer of half fair to the celebration applies to all of these states. The privilege of a ten day stop over is one of the features, which will attract visitors, especially from the states further south. The committee have not undertaken to estimate the number of visitors expected in Washington during jubilee week, but from all information received from various sources, they are satisfied that a large crowd will visit the national capital. The hotels, both down town and up town, are making extensive preparations for extra guests. At the Metropolitan hotel it was stated the other day that the number of visitors will be very large. No fear is felt, however, but that there will be ample rooms at the hotels for all who may desire to visit Washington.

Much interest is felt among the local camp of Confederate Veterans over the report that General Wheeler was treated discourteously at the Charleston reunion. Hon. Frank Hunter, who attended the reunion, says there is nothing in the reports and that the magnificent ovation the General received the day after the procession is in itself sufficient refutation of the report that it was the intention of the committee in charge of the reception to keep the General in the background. No one who has been seen here believes that General Walker had the slightest intention of snubbing the General in the least.

Several contracts for the supply of fuel for public buildings in North Carolina have been awarded by the treasury department. Contracts have been awarded to J. W. Powell for the Raleigh public building; to J. A. Springer for the Wilmington public building; and to C. C. Wood for the public building at Raleigh.

Mr. W. G. Whitehead, of Wilmington, N. C., is in the city on business for a few days. He is stopping at the St. James Hotel.

## Sworn in Yesterday.

The new chief of police and police officers were sworn in by Mayor Taylor yesterday and Chief Scott entered upon his new duties at once as did the other officers. The only retiring officer is W. J. Weatherly, who is succeeded by Mr. Stewart. The latter has donned a suit of blue and is now on duty. Policeman Jeffries, who was formerly health officer, is now a regular policeman.

Mr. Weatherly's many friends regret his retirement from the force and hope that he will be provided for later.

## Guessing Contest.

I will give one crate (32 quarts) berries to the customer who guesses nearest to the number of quarts of berries that I sell this week. None but consumers of my berries entitled to guess. All guesses must be in by Monday noon, May 23d, and can be left with merchants who handle my berries. See list below, which will be changed as I find necessary from the fact that some handle shipped berries.

Phoenix & Alken

C. A. Clapp

L. B. Lillard

G. T. McLean & Son

S. E. Hudson

Andrew & Sockwell

Buy from above dealers and you get fresh gathered berries.

## A Generous Offer

but an Expensive Advertisement.

In order to bring my work before a large number of the people of Greensboro and vicinity. I have adopted the following expensive method: To every one bringing this advertisement I will furnish **One Pair of Glasses FREE of CHARGE.** An examination fee of **One Dollar** only is necessary. Respectfully,

**Dr. Burbank, Ophthalmologist,**

Opposite Postoffice, Upstairs.

On account of the fact that more but prescription glasses are furnished and they are made after examination is made, the first deliveries are just being made, and the time in which Greensboro people may take advantage of this remarkable offer has been extended until further notice.
